

# driver 12V-IP67

## ficha técnica

## datasheet

ref. 5550104

|                                                     |                              |
|-----------------------------------------------------|------------------------------|
| Nombre / Name                                       | driver 12V-IP67 Tira Led 12V |
| Referencia / Reference                              | 5550104                      |
| Materiales / Materials                              | Aluminio / Aluminum          |
| Difusor / Diffuser                                  | -                            |
| Potencia / Power                                    | 100W                         |
| Temperatura de color / Color temperature            | -                            |
| Flujo luminoso / Luminous flux                      | -                            |
| Dimable / Dimmable                                  | No                           |
| Ángulo de apertura / Beam angle                     | -                            |
| Ángulo de inclinación / Inclination angle           | -                            |
| IP                                                  | IP67                         |
| IK                                                  | -                            |
| F.P                                                 | -                            |
| UGR                                                 | -                            |
| IRC                                                 | -                            |
| Chip                                                | -                            |
| Driver                                              | i-TEC series                 |
| Vida media ( duración ) / Average life              | -                            |
| Clase energética / Energy class                     | -                            |
| Aislamiento eléctrico / Electrical isolation        | Clase I / Class I            |
| Colores / Colors                                    | Aluminio / Aluminum          |
| Medida exterior / Product size                      | 221mm x 68mm x 39mm          |
| Protección contra Sobretensiones / surge protection | 1KV                          |
| Tª ( ambiente/trabajo ) / Tª ( enviroment/work )    | -25°C ~ +40°C                |
| Input                                               | AC170 ~ 250V                 |
| Output                                              | DC12V 8,33A                  |
| Frecuencia / Frequency                              | 50 / 60Hz                    |
| Peso / Weight                                       | 850g                         |
| Certificados / Certificates                         | CE                           |
| Garantia / Warranty                                 | 2 años / 2 years             |
