

# vision

## ficha técnica

### datasheet

ref. 5551999

|                                              |                                      |
|----------------------------------------------|--------------------------------------|
| Nombre / Name                                | Vision                               |
| Referencia / Reference                       | 5551999                              |
| Materiales / Materials                       | Metal + Aluminio / Steel + Aluminium |
| Difusor / Diffuser                           | PS                                   |
| Potencia / Power                             | 40W                                  |
| Temperatura de color / Color temperature     | 5700K                                |
| Flujo luminoso / Luminous flux               | 4900lm                               |
| Dimable / Dimmable                           | Opcional / Optional                  |
| Ángulo de apertura / Beam angle              | 120°                                 |
| Ángulo de detección / Detection angle        | -                                    |
| Flicker Free                                 | Sí / Yes                             |
| IP                                           | 20                                   |
| IK                                           | 03                                   |
| F.P. / P.F.                                  | 0.95                                 |
| UGR                                          | ≤19                                  |
| IRC / CRI                                    | >80                                  |
| Chip                                         | SAMSUNG 2835 SMD                     |
| Driver                                       | LIFUD                                |
| Vida media (duración) / Average life         | ± 30.000h                            |
| Clase energética / Energy class              | F                                    |
| Aislamiento eléctrico / Electrical isolation | Clase II / Class II                  |
| Colores / Colors                             | Blanco / White                       |
| Medida exterior / Product size               | 297mm x 1197mm x 35mm                |
| Medidas de corte / Cutting measurements      | 270mm x 1170mm                       |
| Tª (ambiente/trabajo) / Tª (enviroment/work) | -20°C ~ 40°C                         |
| Input                                        | AC220 ~ 240V                         |
| Output                                       | DC 9 ~ 40V 1000mA                    |
| Frecuencia / Frequency                       | 50 / 60Hz                            |
| Peso / Weight                                | 1,86 kg                              |
| Certificados / Certificates                  | CE RoHS                              |
| Garantía / Warranty                          | 2 años / 2 years                     |
