

# alum 2L

## ficha técnica

### datasheet

5551282

|                                               |                                |
|-----------------------------------------------|--------------------------------|
| Nombre / Name                                 | Serie Alum Rectangular 2 Luces |
| Referencia / Reference                        | 5551282                        |
| Materiales / Materials                        | Aluminio / Aluminum            |
| Difusor / Diffuser                            | -                              |
| Potencia / Power                              | -                              |
| Temperatura de color / Color temperature      | -                              |
| Flujo luminoso / Luminous flux                | -                              |
| Dimable / Dimmable                            | -                              |
| Ángulo de apertura / Beam angle               | -                              |
| Ángulo de inclinación / Inclination angle     | 25°                            |
| IP                                            | IP20                           |
| IK                                            | -                              |
| F.P                                           | -                              |
| UGR                                           | -                              |
| IRC                                           | -                              |
| Chip                                          | -                              |
| Driver                                        | -                              |
| Vida media (duración) / Average life          | -                              |
| Clase energética / Energy class               | -                              |
| Aislamiento eléctrico / Electrical isolation  | -                              |
| Colores / Colors                              | Negro mate / Matt black        |
| Medida exterior / Product size                | 91mm x 175mm x 25mm            |
| Medidas de corte / Cutting measurements       | 160mm x 80mm                   |
| Tª (ambiente/trabajo) / Tª (environment/work) | -                              |
| Input                                         | -                              |
| Output                                        | -                              |
| Frecuencia / Frequency                        | -                              |
| Peso / Weight                                 | 260grs                         |
| Certificados / Certificates                   | CE RoHS                        |
| Garantía / Warranty                           | 2 años / 2 years               |
