### datasheet

ref.5551450

|                                                     |                                                 |
|-----------------------------------------------------|-------------------------------------------------|
| Nombre / Name                                       | SPA                                             |
| Referencia / Reference                              | 5551450                                         |
| Materiales / Materials                              | Aluminio+PMMA+Cristal / Aluminum + PMMA + Glass |
| Difusor / Diffuser                                  | PMMA                                            |
| Potencia / Power                                    | 36W                                             |
| Temperatura de color / color temperature            | 2700K                                           |
| Flujo luminoso / Lumens                             | 3192lm                                          |
| Dimable / Dimmable                                  | No                                              |
| Ángulo de apertura / Beam angle                     | 90°                                             |
| Ángulo de inclinación / Inclination angle           | -                                               |
| IP                                                  | IP65                                            |
| IK                                                  | -                                               |
| F.P. / P.F.                                         | >0,9                                            |
| UGR                                                 | <19                                             |
| IRC / CRI                                           | >80                                             |
| Chip                                                | PHILIPS 2835                                    |
| Driver                                              | PHILIPS CERTA                                   |
| Vida media ( duración ) / Average life              | +30.000h                                        |
| Clase energética / Energy class                     | A+                                              |
| Aislamiento eléctrico / Electrical isolation        | Clase II                                        |
| Colores / Colors                                    | Blanco / White                                  |
| Medida exterior / Product size                      | Ø220mm x 100mm                                  |
| Medida decorte / Cutting size                       | Ø170mm a Ø200mm                                 |
| Protección contra Sobretensiones / Surge protection | 2kV                                             |
| Tª (ambiente/trabajo) / Tª (enviroment/work)        | -20°C ~ +45°C                                   |
| Input                                               | AC220 ~ 240V                                    |
| Output                                              | DC30~42V                                        |
| Frecuencia / Frequency                              | 50/60Hz                                         |
| Peso / Weight                                       | 1,53kg                                          |
| Certificados / Certificates                         | CE, RoHS                                        |
| Garantía / Warranty                                 | 2 años/ 2 years                                 |
